

# **WARNING**

# **ILLEGAL**

# **Fafee / Mochaina**

## **1. HOW THE GAME IS PLAYED**

The game is played using 36 numbers, i.e 1-36.

A player chooses a number from 1-36.

The operator will then draw the lucky number.

If the player correctly chooses the number drawn by the operator, he will win an amount of R1-28.

In other words, if the player betted R1-00 on the lucky number drawn, he will win an amount of R28-00.

## **2. THE LAW**

The game of Mochaina is **ILLEGAL**.

If you play the game of mochaina you are committing an offence.

If caught, you can be prosecuted.

If you are found guilty, you may be jailed for up to ten years or face a fine of up to R2 million or both.

## **3. NEGATIVE IMPACT OF MOCHAINA**

Mochaina is not a fair game. The winning number is chosen at the operator's discretion.

It will not solve your financial problems, it can contribute to poverty, and you can lose more than you can gain.

Mochaina may lead to the committing of other crimes such as robbery, corruption, bribery and intimidation.

Mochaina operators do not pay taxes; Government and communities suffer great losses.
